

Starting now and based in our Berlin office, we are looking for a

## **Consultant (f/m/d) – Global networks of incubators/accelerators**

Technopolis Group is an international research and consulting organisation with offices all over Europe and a growing business in Africa, Latin America and Asia. We are analysing, designing and implementing public policies with a focus on Research & Innovation for regional, national and international public sector clients. We have grown steadily over the past 30 years and continue to expand internationally, with 150 consulting staff across 12 offices ([www.technopolis-group.com](http://www.technopolis-group.com)).

As contractor of the European Commission, Technopolis implements Innovation Partnerships between Europe and India as well as Europe and Africa that are aimed at connecting entrepreneurial stakeholders such as start-up incubators and accelerators. You will be part of the team from Technopolis Group and our local partners managing the Innovation Partnerships. Find out more about our EU-India Innovation Partnership [here](#).

### **Responsibilities**

- Contribute to our project team building an international network of innovation stakeholders, such as startups, incubators, accelerators, corporates, investors and mentors
- Steady & consistent communication with network members through e-mail, phone, attending relevant events & conferences
- Organise high-profile impact-driven workshops and events, guiding our event management partners regarding the technical implementation
- Progress reporting to our clients, analyse relevant policy trends developments in the area of international cooperation in research & innovation

### **Your profile**

- Relevant Masters-level degree
- Relevant previous experience, preferably in a consulting or public policy environment, ideally connected to entrepreneurship policies
- Strong analytical and communication skills
- Excellent written and spoken English essential, German/French/Spanish an advantage

### **What we offer**

- Competitive salary, two-years contract with possible extension
- Collaboration with an international team across Europe (esp. Amsterdam) and India/Africa
- International travel to network events and relevant workshops/conferences

### **How to apply**

Please upload your CV and cover letter on our [website](#) until June 16. For questions, contact Stephan Kreutzer ([stephan.kreutzer@technopolis-group.com](mailto:stephan.kreutzer@technopolis-group.com)). Technopolis Group is an employee-owned organisation. We value independence and privacy. Your application will be handled strictly applying GDPR.
