

## Carbon Reduction Plan

Supplier name: **Technopolis Limited**

Publication date: October 2023

### Commitment to achieving Net Zero

Technopolis is committed to achieving Net Zero emissions by 2050

### Baseline Emissions Footprint

Baseline Year: 2019 (35 FTE)	
EMISSIONS	TOTAL (tCO <sub>2</sub> e)
Scope 1	19.32 tCO <sub>2</sub> e (0.55 tCO <sub>2</sub> e / FTE) (Emissions associated with our direct consumption of natural gas to fuel the office boiler for our shared heating and hot water systems at our offices in Brighton and London, both of which are multi-tenant shared facilities)
Scope 2	1.11 tCO <sub>2</sub> e (0.031 tCO <sub>2</sub> e / FTE) (Emissions associated with electricity consumed in the two offices)
Scope 3 (Included Sources)	25 tCO <sub>2</sub> e (0.71 tCO <sub>2</sub> e / FTE) (Road- (2), rail- (1) and air- (20) related business travel and staff commuting (2) = 25)
Total Emissions	45.43 tCO <sub>2</sub> e (1.3 tCO <sub>2</sub> e / FTE)

### Current Emissions Reporting

Reporting Year: 2022/23 (44 FTEs)	
EMISSIONS	TOTAL (tCO <sub>2</sub> e) and tCO <sub>2</sub> e/FTE
Scope 1	Current emissions: 19.50 (0.44); Comparison with baseline: +1% (-19%)
Scope 2	Current emissions: 1.20 (0.03) Comparison with baseline: +8% (-12%)
Scope 3 (Included Sources)	Current emissions: 21.20 (0.48) Comparison with baseline: -15% (-32%)
Total Emissions	Current emissions: 41.90 (0.95) Comparison with baseline: -8% (-27%)

### Emissions reduction targets

With our efforts to achieve Net Zero by 2050, we have adopted the following carbon reduction targets for our 2027/28 emissions relating to scope 1, 2 and 3.

We project that carbon emissions will decrease over the next five years to **40 tCO<sub>2</sub>e** by 2027/28. This is a reduction of **9%** in absolute terms and **47%** by FTE.

### Emissions Reduction Targets

Reporting Year: 2027/28 (60 FTEs)	
<b>EMISSIONS</b>	<b>TOTAL (tCO<sub>2</sub>e) reductions by 2027</b> Technopolis is a growing business, and we plan to continue to recruit and expect to be c. 50 FTEs by 2027/28, up from 35 FTEs in 2019 (baseline year)
<b>Scope 1</b>	20 (0.33 tCO <sub>2</sub> e / FTE) (+4% in absolute terms / -39% on an FTE basis)
<b>Scope 2</b>	1.5 (0.03 tCO <sub>2</sub> e / FTE) (+35% in absolute terms / -19% on an FTE basis)
<b>Scope 3 (Included Sources)</b>	20 (0.4 tCO <sub>2</sub> e / FTE) We are targeting a 20% reduction in CO <sub>2</sub> emissions overall for Scope 3, and a 53% reduction by FTE
<b>Total Emissions</b>	40 (0.8 tCO <sub>2</sub> e / FTE) We are targeting a 9% reduction in CO <sub>2</sub> emissions in absolute terms, and a 47% reduction by FTE

### Carbon Reduction Projects

Technopolis has had a sustainability strategy for many years, focusing on our behaviour: reducing business travel, switching transport modes, and extending the working life of our various equipment. The table below lists current and planned initiatives to reduce emissions.

### Current and planned Carbon Reduction Projects

Reporting Year: 2023	
<b>Scope 1</b>	We have implemented flexible working practices and hot desking arrangements, allowing us to expand the team while operating within premises of the same size.
<b>Scope 2</b>	We are switching to LED lighting where we can.
<b>Scope 3 (Included Sources)</b>	We have implemented a policy to (i) reduce business travel overall and (ii) to switch modes, using international rail where we can, rather than flying. We have a cycle-to-work scheme to reduce emissions relating to commuting.

**Declaration and Sign Off**

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

This Carbon Reduction Plan has been reviewed and signed off by the Company's Managing Director.

**Signed on behalf of the Supplier:**

.....

Paul Simmonds, Managing Director, Technopolis Limited

Date: 16 October 2023
